### **Community Support during the Coronavirus Outbreak**

As a result of Covid 19, we are experiencing the greatest public health crisis of recent times, and each and every one of us must follow the government advice to slow down the transmission and spread of this disease. It is also clear that local communities have an important role to play in supporting the most vulnerable in society, especially those who have been asked to isolate themselves from others.

As neighbours, we have a responsibility to help those who need our support: the elderly, the lonely, the bereaved, the anxious and those who do not know where to turn for help.

There will doubtless be many challenges ahead, but so much more can be achieved if we all work together. St Mary's Church and the Parish Council are doing just this to provide support for each other and to recruit volunteers.

If you are in need of support or feel able to offer your support to others in our community, please telephone anyone of the individuals below or complete the form and return to Inez Smith at 27 Middle Lane (Drakes Row)

#### **Coronavirus Outbreak - Some local information**

- Long Clawson Medical Practice has suspended open access appointments with immediate effect. All consultations will now be by booked appointment. The Doctors will be using telephone triage to support the booking of face-to-face appointments.
- If you suspect you may have Coronavirus, do not attend your GP Practice, Community Pharmacist or Hospital. Please visit NHS 111 online for further advice, stay indoors and avoid contact with other people.
- All church services have been cancelled until further notice
- Rev Jamie Mackay is able to visit in a life limiting emergency or happy to call on the phone if anyone would like to speak to the vicar 01664 823475.
- The school has introduced a range of precautions to protect their whole community for as long as possible. These can be seen on the school's Facebook page but include limiting the time parents gather while dropping off and picking up their children. They are establishing a new page on their website with links to online learning.
